

DRILL PRESS

TYPE : PC 40TR

1,5 KW / 380 V

TECHNICAL CHARACTERISTICS

| | |
|--|-----------------------|
| Maximum drilling capacity | 40mm |
| Tapping steel & cast iron | M20 & M24 |
| Foureau Race | 180 mm |
| Power | 1 kW / 380 v |
| Cone type | CM 4 |
| Advance / number | 2 steps / 0.1-0.2 rpm |
| Spindle speed | 50 -1450 r / min |
| Clamping groove | 18mm |
| Max distance from the end of the pin on the surface of the base table | 1210 mm |
| Maximum distance from the spindle axis to the table surface | 350 mm |
| Maximum distance from the end of the spindle to the surface of the table | 770 mm |
| Table | 560 x560 mm |
| Based | 730x500 mm |
| Weight | 465 kg |
| Dimensions (Lx 1 x H) | 2270 x690 x1100 mm |

Equipped with:

- Axial grooved table
- Cooling system
- Lighting device
